Workforce Info

Hyder

Hyder is an unincorporated CDP located on Portland Canal, about 75 air miles from Ketchikan. It is the only community in southern southeast Alaska accessible by road. Hyder is part of the Prince of Wales-Hyder Census Area.

- ♦ The estimated population for 2008 was 94, a loss of about 3 since the 2000 Census.
- ♦ About 35 percent of the resident population 16+ years old worked in 2008.
- ♦ Construction, State Government, and Local Government were the main industries in 2008, each employing 22 percent of the area's workers.

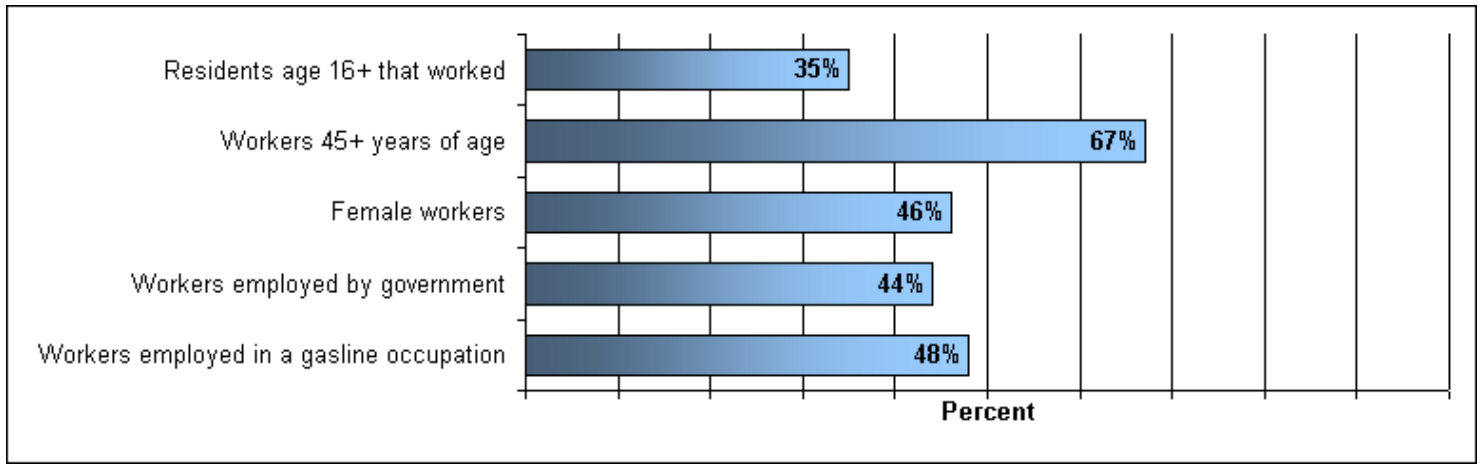

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents only. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.
